

## Utility Bill Payment Deferment for Government Shutdown Employees

If you are a resident of the City of Box Elder that works for the Federal Government and are currently on furlough, we are offering a payment deferment for your utility bill. The deferment will help you avoid late fees and delinquency notices from the city, and we will not turn your water off for non-payment during the deferral period. You need to bring into City Hall your furlough paperwork, a photo ID and provide the information below.
