

It is the City's understanding that Kieffer Sanitation is discontinuing their residential solid waste collection service within the City, including within the mobile home parks. Based on this understanding those former residential customers of Kieffer, who are not covered under the new contract, should find a new provider.

\*Note\* – those who would not be covered include apartment dwellers in buildings with more than four units and those within mobile home parks.

The other known providers are as follows:

Reber Sanitation: 605-393-0866

Sander Sanitation: 605-673-3174
